

Employment Opportunity

China Chief Geologist and Exploration Manager

Eldorado Gold Corporation is a fast growing premier gold mining company based in Vancouver, Canada with operations and projects in Turkey, China, Brazil and Greece. We are currently seeking an experienced exploration geologist to fulfill the role of Chief Geologist and Exploration Manager for China. The position will report to the China Director of Geology and New Projects, and to the Vice President of Exploration in Vancouver. The position will be based in China (Beijing), but a fly-in fly-out rotation schedule is possible.

As Chief Geologist and Exploration Manager for China, you will be responsible for ensuring that the Company's exploration activities in China are performed according to Corporate and world-class best practice standards, through collaboration with the Exploration Project managers at our four bases of operation in China. Your principal responsibilities will include:

- Guiding all aspects of exploration programs including project generation, early-stage, advanced-stage, and minesite exploration;
- Assisting with the planning and implementation of drilling programs that are consistent with the Company's objectives and appropriate to the exploration target;
- Monitoring and reviewing ongoing exploration programs;
- Providing technical training to the company's exploration staff and facilitating professional development activities;
- Helping define and direct the company's exploration strategy within China, and identifying and evaluating new projects for potential acquisition; and
- Defining and implementing performance standards, exploration procedures, and QA/QC systems, ensuring that exploration programs are conducted to corporate standards and exceed NI 43-101 requirements.

To be successful, you will have a strong technical background with extensive international experience in the gold mining industry. You will have an ability to work in a remote and cross-cultural environment, including working in a training/mentoring capacity. The position will entail travel to regions with low security and safety risks, but potentially challenging physical environments.

If you are interested in this challenging opportunity, please submit your resume and cover letter to Eldorado Gold Corporation at hr@eldoradogold.com.
